Happy Holidays from “Just” Families and Friends

We hope you all had a wonderful Thanksgiving. And now that it is over, we look forward to Christmas.

As we have done for the past several years, “Just” Families and Friends will again this year host and provide Christmas Eve and Christmas Day dinners for “Just” People clients who remain at the “Just” People residences during the holiday.

This year we have been asked by “Just” People to host Christmas Eve Dinner at the Fulton Village for all clients (those from Fulton and those from Flowery Branch) who are remaining at the Villages for Christmas Eve.

“Just” People has also asked that we host Christmas Day Dinners at both the Fulton Village and the Flowery Branch Village for all clients remaining at each Village.

It is still early and we won’t have an attendance count from “Just” People until mid-December, but we can start preparing now.

With the Covid-19 situation having improved greatly since last year, we would like to return to our past way of hosting these Christmas dinners, that is with families and friends donating homemade dishes and being at the Villages for the dinners to help serve and spend some time with the clients who attend them. We are working on the menus now and will have them out to everyone as soon as we have some direction on this year’s dinner attendance. We will keep you informed as we move forward.

As in the past, we look forward to all food and drink item donations and all volunteers to help, as well as monetary donations.

If you would like to volunteer to help organize, provide a food item or drinks and /or attend the dinners, please let us know at justfamiliesandfriends@gmail.com
